

The Israeli Chapter of the Controlled Release Society

האגודה הישראלית למתן מבוקר של ביו-חומרים

The 7th Annual Meeting of the Israeli Chapter of the Controlled Release Society NEW TRENDS AND TECHNOLOGIES IN DRUG DELIVERY AND IN CONTROLLED-RELEASE BASED CONSUMER PRODUCTS

October 3-4, 2010
Dan Carmel Hotel, Haifa

Keynote Speakers:

Prof. Paolo Caliceti
Prof. Jindrich Kopecek
Prof. Alexander Levitzki
Dr. Avi Molcho

The meeting offers an exciting program, covering novel drug therapies, imaging and regulatory issues related to drug delivery and new controlled release technologies in consumer products. Lectures to be presented by invited speakers from Israel and abroad. A great occasion to exchange ideas with peers from academia and industry.

Conference Sessions:

Novel Anti-Cancer Therapies
Issues in Inflammation and Immunomodulation
Controlled Release in Tissue Regeneration Technologies
Drug Delivery Devices: From Research to Regulatory Issues
Imaging and Advanced Drug Therapies

All attendees are invited to submit Abstracts for Poster presentation.
A competition for the **Best Student Poster Award** will be held. **The winner of the 1st Prize will be awarded the airfare and registration fees for participating in the 2011 Annual CRS meeting in Maryland, USA.**

Deadline for submission of Abstracts: September 3, 2010

Organizing Committee:

Rosa Azhari (Chairperson), Ayelet David, Joseph Kost, Noah Lotan, Rimona Margalit, Adel Penhasi, Ronit Satchi-Fainaro, Boaz Tirosh, Elka Tuitou
